

Think ahead. Go there.

Where is your career path leading?

Softproviding is the leading global provider of SAP consulting and industry solutions for the protein industry. These include the standard software products SAP Meat and Fish Management by msg and SAP Dairy Management by msg – end-to-end industry solutions that provide optimum support for the specific planning, controlling and accounting processes of the food industry. Join us in tapping into this fast-growing international market and participate in the success of these promising solutions.

Softproviding is a subsidiary of msg, an independent group of companies with more than 9,000 employees around the globe. msg provides a comprehensive range of inspired strategic consulting services and intelligent, sustainable and value-adding IT solutions.

In order to bring our customers even more into focus, we will start with a newly founded branch based in the Osnabrück/Bielefeld area as of 01.04.2023. If you would like to be part of our successful journey, we look forward to receiving your documents.

SAP Consultant (m/f/d)

What are your responsibilities?

- As an SAP Logistics Consultant, you will be trained in one of our solutions "SAP Dairy Management by msg" or "SAP Meat and Fish Management by msg" and deepen your knowledge of SAP S/4HANA Logistics
- You will work in national and international projects as a consultant and, after a familiarization phase, you will be entrusted with relevant tasks such as process analysis, process and organizational consulting, conceptual design, customizing and productive implementation of SAP solutions

What are your skills?

- Degree in business administration, (business) information technology, or similar training
- First experience in consulting with SAP Logistics module(s)
- Analytical way of thinking and approach
- German and English, strong customer orientation and willingness to travel internationally

Think ahead. Go there.
